

Stories

*Work in groups of 4-5 students in each. Agree on a title of your story. One of the members writes the beginning, two (or three) the middle and one the end. Fold the paper along the lines when you have written your part so the writer after you cannot see what you have written. Read the complete story to your partners. Each one of you should write at least 3-4 sentences. Try to answer questions like **who**, **what**, **when** and **where** while writing your story. You can of course write it on three separate papers.*

The title of your story:

The beginning:

.....
